FRIENDS OF HADHRAMAUT

Special Needs Childrens Appeal

In Hadhramaut Governorate, Yemen, a small center for ***special needs, autistic and disabled children*** is fighting a quiet battle to stay open.
Founded in 2018, the al-'Aneen Center operates under the Department of Education, serving vulnerable children aged 4 to 16. Right now, 42 dedicated staff members are doing their best to care for 160-180 boys and girls.
However, they operate out of a rented, dilapidated building that ***lacks basic safety, infrastructure, and cooling.***
Friends of Hadhramaut (FOH) is a small UK-based charity, but we have promised to step in and provide ***immediate relief.***

Our Total Goal $23,500

Your Donation Today Will Help to Directly Fund Transport, Classroom Cooling, & Equipment for Special Needs Children

DESPERATE NEED

THE CHILDREN NEED SAFE ACCESS & THE TEACHERS NEED RESOURCES

The center's current building offers no protection from the harsh climate. Classrooms are hot, and the outdoor area is completely unusable because there is no shade fom the blistering sun.

Playground Awning
$4,150

5 Ceiling Fans
$200

Educational Aids and Games
$3,200

The school completely lacks the specialized educational tools, therapeutic toys, and equipment necessary to teach children with profound developmental and physical disabilities.

TWO BUSES

The huge barrier for these children is transportation. The al-'Aneen Center is tasked with serving a large regional territory and without proper infrastructure, these disabled children currently have to walk a long distance to get to school or face being isolated at home.
Without intervention, ***these children remain completely cut off from specialized care***. Two buses are required to fufill the needs of the center and the children.

$16,000 (8k per bus)

HOW TO DONATE

Venmo

Zelle

Fatima is a registered Trustee of the Charity (UK Registered Charity No. 1062560) and is collecting all funds on behalf of the Charity's US appeal.
